...global reach in medical excellence

**Medical Trust Nigeria Nig. Ltd** is a duly registered medical company with the Corporate Affairs Commission (CAC) of Nigeria with registration number (**RC: 2024719**) and approved by the Federal Inland Revenue Services (FIRS).

At **Medical Trust Nigeria Nig. Ltd**, we are committed to advancing global healthcare services by providing reliable, high-quality medical equipment to organizations, government parastatals, hospitals, clinics, and healthcare professionals / institutions around the world. With a strong focus on excellence, innovation, and integrity, we specialize in the supply, importation, and export of a wide range of medical products for healthcare solutions.

Founded with a vision to bridge the gap in medical equipment accessibility, supply and provision, our company has grown to become a trusted partner to healthcare providers across borders. We collaborate with leading manufacturers and regulatory-compliant producers to ensure that every medical products we deliver meet international standards of quality, safety, and performance.

Whether it's life-saving diagnostic tools, surgical instruments, veterinary equipment or everyday clinical essentials and consumables, we offer tailored procurement solutions to meet the unique needs of our clients. Our logistics and supply chain team ensures prompt delivery and seamless cross-border transactions, making sure that healthcare providers can focus on what they do best—saving lives.

**Maaruf Kabir Abubakar**  
CEO Medical Trust Nig Ltd

## CITATION OF OUR CEO

Delivering accurate, timely, and innovative medical products is our bond. At the heart of our company's mission is the unwavering commitment to providing healthcare providers and patients with reliable medical products that are crucial for making informed decisions. That's why we have invested in cutting-edge technology and highly skilled professionals who work tirelessly to ensure every medical products and diagnostic services we perform is accurate, precise, and timely.

Our company services is at the forefront of medical supply, continuously advancing in new methodologies and technologies to deliver faster and more reliable equipment and consumables. We recognize that the healthcare landscape is constantly evolving, and our agility allows us to stay ahead of emerging trends, diseases, and medical advancements. By leveraging state-of-the-art equipment and adopting the latest research, we ensure that our medical products and diagnostic solutions are as comprehensive and up-to-date as possible.

We take pride in being a trusted partner to healthcare providers, customers and patients alike. From advanced medical products supply, sales, importation, and export, routine screenings to complex diagnostic services, we are dedicated to offering a broad range of services that cater to the unique needs of each customer and patient respectively.

We are constantly evolving to meet the growing needs of healthcare providers, thereby ensuring that our products remain aligned with the latest medical standards. As the demand for precision medicine grows, we continue to innovate in the areas of medical equipment, consumables, veterinary medical equipment, routine diagnostic services, hormones, molecular diagnostics, forensic investigations, paternity testing and automation to enhance the accuracy and efficiency of our services and products. Our goal is not only to supply, sell, import or export medical equipment and consumables but to contribute meaningfully to the betterment of the healthcare system as a whole.

## OUR MISSION

*We are on a mission to providing reliable, efficient and affordable high-quality medical equipment, medical essentials and consumables through efficient global sourcing, seamless logistics, and trusted partnerships—ensuring healthcare providers are equipped to deliver exceptional patient care*

## OUR VISION

*"To be a leading global provider of medical equipment and consumables, recognized for excellence in quality, reliability, and service—empowering healthcare systems worldwide to deliver superior patient outcomes."*

SINCE  
**2018**

The journey of **Medical Trust Nig Ltd** began in the year **2018** with a visionary idea conceived by the founder and Chief Executive Office, **Maaruf Kabir Abubakar**; an innovative strategist with all the fundamental business acumen and administrative aptitude. Driven by a passion to bridge the gap in quality healthcare delivery, he set out to establish a company dedicated to the sales and supply, import and export of reliable premium medical and laboratory equipment, consumables and products of all kind to hospitals, government parastatals, laboratories, and healthcare providers within the length and breath of Nigeria and world wide.

In **2019**, the need to incorporate became eminent, hence the journey evolved and metamorphosed into a corporate brand by the formal registration of **Medical Trust Nigeria Ltd** as a corporate entity under the Corporate Affairs Commission of Nigeria with RC Number **2024719**. Since then, the company has continued to strive and expand its reach and capacity, emerging as a trusted name in the healthcare supply chain industry.

As part of a strategic effort to further strengthen diagnostic services, we established a subsidiary — the Medical Trust Diagnostic Centre — focused exclusively on delivering top-notch medical laboratory testing and diagnostic services. In **2020**, we earned the recognition and approval of the Medical Laboratory Science Council of Nigeria, and by **2021**, we were fully licensed to operate and serve the public.

Over the years, we remain at the forefront of medical equipment supplies and improving patient outcomes across the healthcare ecosystem. Our workforce has grown tremendously, bringing together a team of highly skilled professionals who are committed to innovation, accuracy, and excellence in our services and product delivery.

Today, **Medical Trust Nig Ltd** stands as a dynamic and fast-growing brand, trusted by hospitals, government parastatals, laboratories, and healthcare providers across the country and world wide.

These guiding principles are responsible for our actions, inactions and ethical behaviours in the attainment of our goals, mission and vision

01

## Accuracy & Precision

We are committed to delivering accurate, reliable, and timely medical products that support informed healthcare decisions and promote the highest standards of patient care

02

## Integrity & Ethics

We're committed to doing the right thing—being honest, transparent, and keeping things confidential every step of the way.

03

## Quality & Excellence

Driven by a passion for excellence, we continually refine our processes to deliver top-quality services and impactful results.

04

## Empathy & Care

Putting customers first means making sure our care is safe, within reach, and thoughtfully tailored to each person's specific needs

05

## Innovation & Improvement

We stay at the cutting edge medical products supply by embracing new technology, specifications, scientific progress, and continuous learning

06

## Teamwork & Respect

We recognize and appreciate the unique contributions of each team member, promoting a culture of respect, collaboration, and collective achievement

07

## Confidentiality & Data Safety

Customer confidentiality is paramount—we enforce rigorous standards and employ robust data security protocols to ensure information is always protected

08

## Community Responsibility

We strive to make a positive impact in the supply chain of medical equipment thereby prioritizing the well-being of the customers we serve.

## 01 Achieve ISO or CAP Accreditation

We are focused on achieving internationally recognized medical products accreditations to showcase our commitment to quality and reliability

## 02 Enhance Diagnostic Accuracy

We introduce advanced technologies and training programs to enhance the accuracy and efficiency of our medical products.

## 03 Integrate Advanced Diagnostic Technologies

Invest in molecular diagnostics, AI-driven analysis, or next-generation sequencing based on your specific area of expertise

## 04 Contribute to Public Health Initiatives

Provide subsidized or complimentary medical products and testing as part of public health initiatives, such as HIV, tuberculosis, malaria, and cancer screenings

## 05 Develop Research & Innovation Capabilities

Partner with academic institutions and healthcare organizations to contribute to research studies and clinical trials through supplies of standard medical products

At Medical Trust Nig Ltd, we're more than just a supplier — we're your trusted partner in healthcare innovation. With a deep commitment to quality, reliability, and global standards, we provide a seamless experience in the sales, supply, import, and export of premium medical equipment and consumables.

01

## Trusted Expertise:

Our team brings years of industry knowledge, ensuring you get the right products that meet international safety and performance standards.

02

## Global Reach, Local Understanding:

Whether you're across the street or across the world, our logistics network ensures timely delivery and personalized service tailored to your region's needs.

03

## Quality Assurance:

We work exclusively with reputable manufacturers and perform rigorous quality checks to guarantee superior products every time.

04

## Customer-Centric Approach:

Your needs drive our service. From sourcing hard-to-find items to providing post-sale support, we're with you every step of the way.

05

## Competitive Pricing:

We combine quality with affordability, offering solutions that maximize value without compromising standards.

Partner with us and experience a new level of efficiency, reliability and care in medical supply and distribution.

## OUR PARTNERS

Meet our international and local partners. Partnership means a lot to us as much as trust. To all our partners, trust is our watch word, hence we are Medica Trust

- Stool Analysis
- Sputum Analysis
- Sputum AFB
- Throat Swab M/C/S
- Urethral Swab M/C/S
- Blood Culture M/C/S

## Ultrasound Scanning

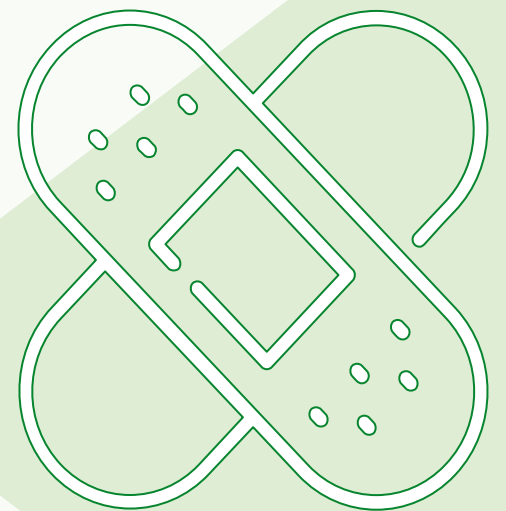

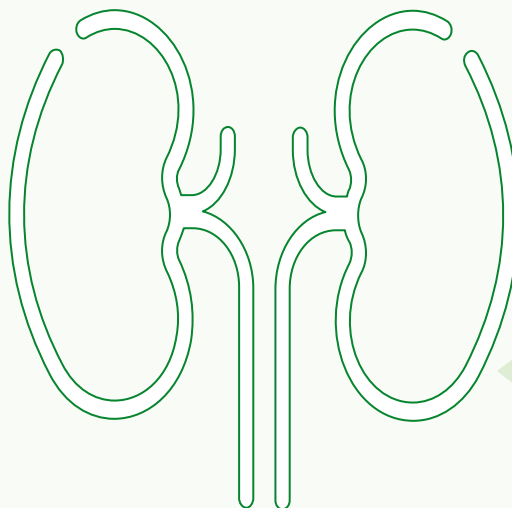

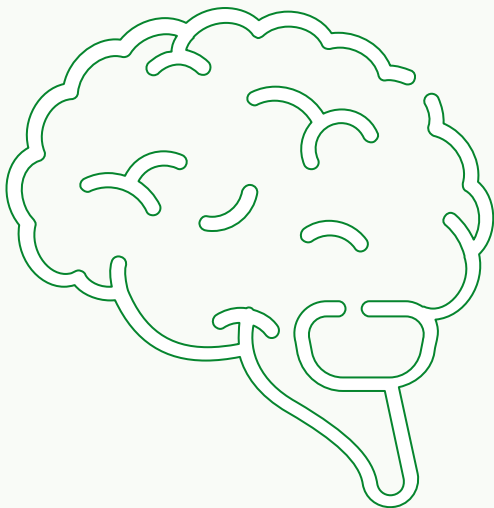

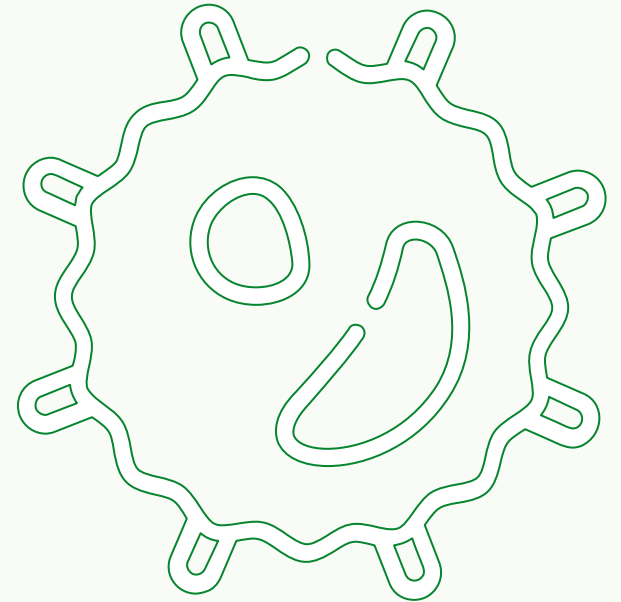

- > Pregnancy
- > Pelvis Only
- > Abdominopelvic
- > Thyroid
- > Breasts
- > Prostate
- > Eye
- > Renal Mapping
- > Amniotic Fluid Index
- > Growth Scan
- > Scrotal Scan
- > Biophysical Profile
- > Urethrosnography

## Histopathology

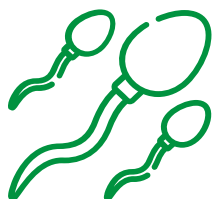

- Biopsy
- Surgical Pathology
- Cytology
- Immunohistochemistry
- Molecular Pathology
- Fluorescence in Situ Hybridization (FISH)

**END OF OUR SERVICES**

Through our medical laboratory; Medical Trust Diagnostic Centre, we have been able to conduct a number research programs such as

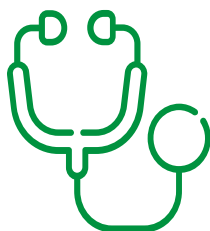

## Histopathology / Cytology

Histopathological patterns of cervical biopsies and correlation with Pap smear results.

## Clinical Chemistry

Evaluating the diagnostic value of HbA1c vs fasting blood glucose in diabetic patients.

## Heamatology

Prevalence of anemia types among pregnant women in rural vs urban clinics.

## Microbiology & Parasitology

Prevalence of multidrug-resistant Staphylococcus aureus in hospital environments.
